Field Installation Service

Top quality installations, on-site repairs, replacements, and upgrades

Wear-Con's **Field Installation Service** offers MANY benefits and is available during emergencies or during regularly scheduled downtime. Here are just a few of the many reasons so many plants are already trusting Wear-Con with their installations – both large and small.

- Years of experience with turn-key wear-solutions
- The industry leader in solving tough wear problems
- Each and every job carries the Wear-Con warranty
- Every crew member is MSHA Part 46 trained
- Knowledgeable, reliable and courteous field crews
- Free estimate given prior to the start of each job
- Affordable service with professional results
- Able to handle jobs of almost any size

Need a custom solution? Wear-Concepts specializes in those hard-to-solve wear-problems that seem to baffle the competition. And by hiring our crews you not only get honest, hard-workers, but you can also rest assured that you will receive expert advice on any other wear problems you may be experiencing anywhere in your plant.

Whether it's a new ceramic liner for a small exhaust fan or a complete retrofit of a slag granulator system, Wear-Con has the expertise, knowledge and resources to ensure your job will be done right and on-time. Give us a call or drop us an email and we will work with you to get your next job scheduled in a time-frame that is best for your business!
